

Italcer S.p.A. SB – GENERAL CONDITIONS OF SALE

Italcer S.p.A. SB ("Italcer") reserves the right to modify the information and technical specifications contained in the catalogue ("Catalogue") and on the website **Ceramica Rondine** (the "Website") (including all downloadable documents and catalogues) at any time, as these are not legally binding. The weights, colours and sizes of the ceramic products sold (the "Products") may vary due to the particular manufacturing processes involved. While Italcer strives to ensure that the colours and aesthetic characteristics of its Products are as accurate as possible, there may be some variation due to the limitations of virtual reproduction. Italcer believes the information and the technical specifications in this Catalogue to be accurate; however, it does not exclude the possibility of material errors. Buyers ("Buyers") are advised to check and confirm all details with their relevant agents or sales representatives.

1. PRODUCTS AND WARRANTY:

- a. Due to the high firing temperatures, variations in tone and gauge may occur to the Products. Differences in the indicated dimensions are therefore allowed and accepted by the Buyer, provided they do not exceed the tolerance limits specified by the UNI-EN-ISO 14411 standards, with the exception of certain categories of Products which, because they reflect traditional craftsmanship processes, intentionally displaying irregularities and variations in size that are deliberately sought, are not subject to the application of the aforesaid standards (by way of example but not limited to the Products of the "Brick" collections).
- b. With the exception of the foregoing, Italcer warrants that its Products comply with currently valid UNI-EN-ISO 14411 standards. The warranty is limited to first-choice materials only. Second- and third-choice Products, occasional batches and Products that are already out of production shall be deemed to be sold "as is", without any possibility of subsequent claims.
- c. The colours of the Products presented in samples are to be deemed purely indicative. Variations in colour, shade or surface are inherent in the material itself, the characteristics of the production cycles and the raw materials used. Customers are advised to mix Products from different boxes and follow the installation instructions provided on the Website.
- d. Decorations and special pieces may differ in shade from the background.
- e. Italcer disclaims liability for any sanding or polishing work performed by customers after the Products have been delivered.

2. ORDERS:

- a. Any orders submitted to Italcer by the Buyer, its representative or appointed agents shall always be deemed accepted subject to approval by Italcer's management.
- b. All orders, including verbal orders, unless otherwise agreed in writing, are always to be considered accepted by Italcer under these general terms and conditions, without the need to refer to such terms and conditions. In the absence of precise written exceptions, the Buyer shall be deemed to have fully agreed to all general terms and conditions of sale.
